

KioskGem™ LCD 1x5

Model T-LBK462-KA

Electronic Signature Capture Pad

KioskGem LCD 1x5 is a rugged, durable signature capture system with LCD screen for public-access and kiosk-mount applications. KioskGem mounts to a surface with no exposed cables or fasteners, and the pen is connected with a high-stress tether. The LCD can also be used to display text and graphics from the host computer and pen-tap hot spots allows users to navigate between multiple screens and forms, inputting information or checking preferred options. Topaz's software suite is bundled at no additional charge for a complete electronic signature solution..
