

## IDLite 1x5 TF-S463 Series

The Topaz® IDLite™ 1x5 is a small, pressure-sensitive, low-cost electronic signature pad. Combining Topaz's trusted electronic signature technology with a state-of-the-art electronic fingerprint sensor, the IDLite 1x5 is perfect for applications where high-resolution fingerprint imaging is required.

The touchpad sensor (protected by an optional replaceable overlay for longer life) reads the digital, binary pressure of the stylus tip and transmits signature data to the computer at high speed for an easy, accurate electronic signature.

### Key Features:

- 3rd-generation touchpad signing surface
- GemGuard® antimicrobial pen
- Optical fingerprint sensor
- Lower-cost, pressure-sensitive technology
- Signature seen on the computer screen only
