The Topaz SigLite® LCD 1x5 is a small electronic signature capture pad with transflective LCD that displays “electronic ink” under the pen tip during signing.

Bundled secure software APIs provide for interactive text, graphics, and pen-tap hotspots and checkboxes which enable users to navigate screens and select preferred options.

**Benefits**

- 3rd-generation touch-screen signing surface for **cost efficiency**
- LCD display for **customization**
- Small size and weight for **portability**
- High-quality **biometric and forensic** capture
- Topaz software suite bundled at **no additional cost** for complete signing and signature solution customization techniques
