The Topaz SigGem® LCD 1x5 WOWPad™ (T-LBK462-HSX-RG) is an advanced electronic signature pad featuring GemGuard® antimicrobial grip, pen, and signature pad top surface, perfect for over-the-counter or mobile-cart operations. In addition, the WOWPad includes a replaceable cable, providing durability for environments with heavy use.

With backlit transflective LCD, the pad displays “electronic ink” under the pen tip during signing. Bundled secure software APIs provide for interactive text, graphics, and pen-tap hotspots and checkboxes which enable users to navigate screens and select preferred options.

**BENEFITS**

- Rugged signing area for **long life**
- LCD display for **customization**
- GemGuard antimicrobial grip, pen, and top pad surface for **reducing the spread of infectious disease**
- Replaceable, rugged cable for **durability**
- Small size and weight for **portability**
- High-quality **biometric and forensic** capture
- Topaz software suite bundled at **no additional cost** for complete signing and signature solution customization techniques
