The Topaz® SigLite® LCD 1x5 MSR is a small, pressure-sensitive, low-cost electronic signature pad with an attached MSR and transflective LCD that displays “electronic ink” under the pen tip during signing.

Bundled secure software APIs provide for interactive text, graphics, and pen-tap hotspots and checkboxes which enable users to navigate screens and select preferred options.

The SigLite LCD 1x5 MSR shows the signature on the signature pad, as well as the computer screen.
